

Classroom Teacher Job Description

Create Academy, the Valley's only arts-integrated, project-based public charter elementary school is looking for experienced upper and lower elementary classroom teachers. We are opening new classrooms next year at several key grade levels and need energetic and creative individuals to join our growing school community. A successful candidate will have several years of classroom teaching experience (including work in a Title I environment) combined with a passion for teaching and a team-minded perspective. We will only consider applications accompanied by a cover letter, resume, and copy of a valid teaching certificate.

Responsibilities and Duties

The elementary school teacher will design, develop and implement their curriculum in multiple content areas to a grade level classroom of students.

- Develop/adapt curriculum and lesson plans in math, language arts, social studies and science that align with State standards.
- Exhibit a passion integrating arts and project-based experiences into the curriculum daily.
- Understand the needs of Title I students and draw on personal and professional experiences to create a safe, encouraging learning environment.
- With a data-driven mentality, employ a variety of assessment practices targeted at informing instruction.
- Foster a positive and caring classroom culture.
- Develop and maintain a strong working relationship with parents through proactive and ongoing communication.
- Engage with the teaching craft as an open minded and reflective practitioner, always seeking to improve.
- Work collaboratively with school leadership and team members.
- Become an active part of the greater school community with participation in special events, educational opportunities and community connections.

Key Qualifications

- Track record of strong classroom management and student achievement
- Ability to approach stressful situations with the presumption of best intent; be a problem solver
- Excellent verbal, written and organizational skills
- Bachelors degree in education or related field supported by educational coursework
- Minimum of two years teaching experience in Title I schools, preferred
- Valid fingerprint clearance card
- Current Arizona teaching certification or ability to qualify for certificate upon employment
